"The American Experience Foundation has definitely left its impact on me forever! As their Career Ready Intern, I've never been so happy learning new techniques, skills and tools that will take me far in life. The foundation has truly made me excited about my future and given me hope that I will have the chance to leave my mark on this world. So I want to say thank you Destination DC and the American Experience Foundation for taking a chance on me!"

MAKAYLA CRUZ

"The field trip really opened me up to new experiences and opportunities. No one wants to stay in the same spot for the rest of their life. It really takes you somewhere and evolves your mind; shows you different things you wouldn't get to see otherwise."

CAREER READY

At the **First Impressions Matter** event, students learned how to craft their social media presence and look professional at internships, even on a student budget. Students “shopped” through 1,500 pieces of work-appropriate clothing donated by Destination DC members.

Thank you to the **Beacon Hotel** for hosting the event and experts from **LINK Strategic Partners, Paul Stuart** and **Policy & Fashion** for sharing their knowledge.

HOW CAN YOU HELP?

Share your day with a student on National Job Shadow Day.

Give your gently used work attire to young interns during the AEF Professional Dress Drive.

"I learned a lot from all the museums and sites that we visited. It was really cool to be able to sit and bond with other kids who I wasn't as familiar with, but we shared the same experiences. As a player myself, my favorite part of the trip was going the basketball game and then being able to talk to Pops, the general manager, and a couple of the players to learn their stories."

"Because of the AEF scholarships, I was able to go to college without wondering how I was going to pay for books and other fees. I am now in my third year at the University of the District of Columbia, majoring in business and marketing. I still email some of the AEF staff to update them on my college life and they respond back with positive and uplifting feedback. This fall, I am starting another internship with Destination DC."

“The American Experience Foundation and its dedication to the enrichment of educational programs and work opportunities for D.C. youth is impactful and has been a driving factor in my pursuit of a career in the hospitality industry. The foundation’s support throughout my high school education and into higher education has been essential in my continued drive and personal dedication to service. I am currently working within a full-service hotel property on Capitol Hill and pursuing a degree in tourism management. With AEF’s support, as well as the support of my colleagues and peers, I have maintained a position on the Dean’s List and have been promoted in my workplace.”

HOW CAN YOU HELP?

Share your expertise at an academy by serving as a presentation judge or practicing interview skills.

Give an academy class a behind-the-scenes look at your business.

AEF has been invaluable to our academy program. The foundation has supported our students by providing access to industry professionals to augment our work-based learning curriculum including guest speakers, job shadowing, hotel tours and cultural events in Washington, DC and New York City. Of particular significance is the annual coat drive with 100% of our students selecting a hat, scarf or coat to brave the winter cold. Thank you, thank you and thank you again!
